

Global marine climate and carbon-cycle context for the Bighorn Basin

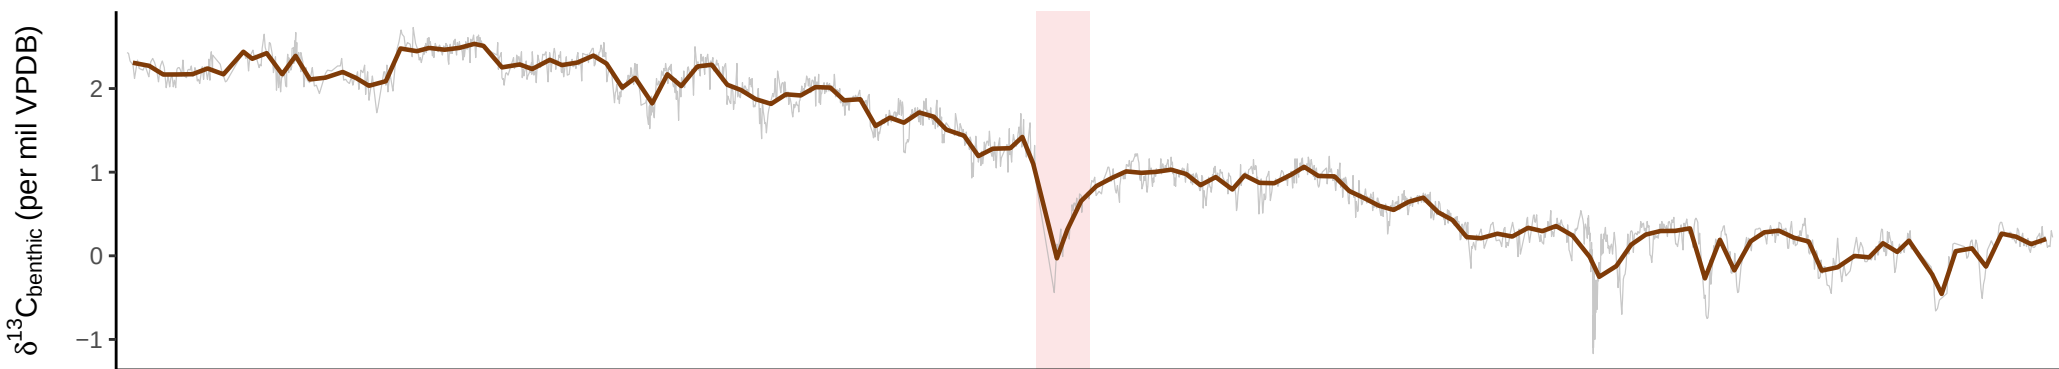

Marine record: Barnet et al. (2019), ODP Site 1262; terrestrial panel excludes U–M/IPL data

A South Atlantic deep-ocean temperature

ODP Site 1262; grey = observations, blue = 50-kyr means

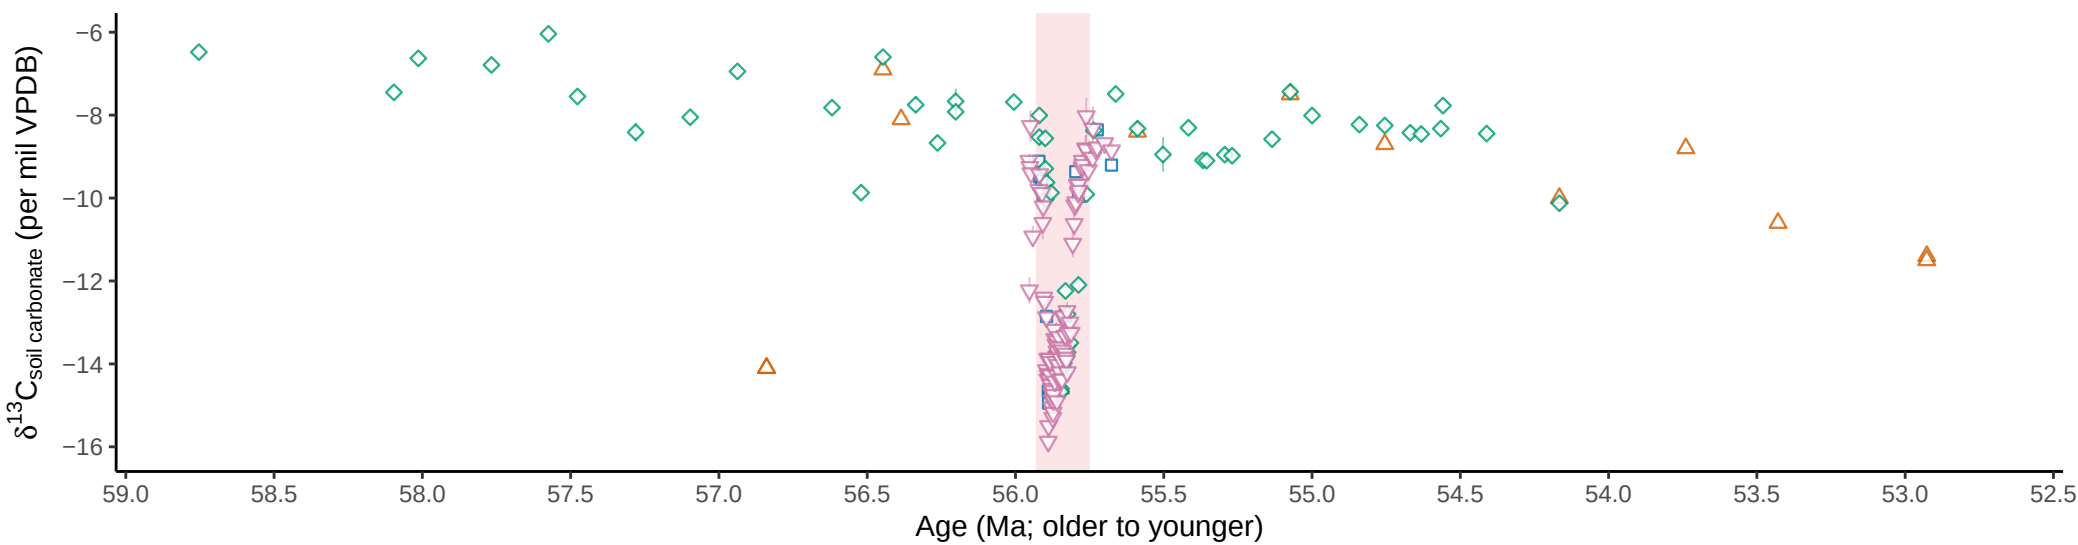

B South Atlantic marine carbon cycle

C Bighorn Basin soil-carbonate $\delta^{13}\text{C}$

Published CFB and regional-reference values from CU, Caltech, Koch, and Bowen; U–M/IPL omitted

Published source — CU — Caltech — Koch — Bowen
